

# Scientific Programme at a glance

\* clinical track \* basic science track \* basic scientists & clinicians  
The tracks are suggestions made by the Scientific Programme Committee, thus not compulsory to follow.

## THURSDAY, OCTOBER 1, 2009

room	HALL B-2	HALL B-1	HALL B-3		
8:00-9:00		Mini-Categorical Course Molecular in vivo and ex vivo	Mini-Categorical Course Cardiac MR	Hall A-4 INFO-RESO 8:30-19:00	EPOS Meet the Author
9:10-10:20	Opening Ceremony / Sir Peter Mansfield Lecture/ Honorary + Fellowship Awards				
10:30-12:00	Plenary Session Ageing and neurodegenerative diseases				
12:10-13:40	Industry Symposium GE Healthcare				
13:50-15:20	Teaching Session I Understanding basic MRI concepts	Clinical Focus Session Mamma Mia (Mixed Imaging Applications)			
15:30-17:00	Teaching Session I Understanding practical and advanced MRI concepts	Poster Highlights Session Urology and Female imaging			
17:30-19:00	Teaching Session I The role of MR in clinical oncology	Scientific Session Hyperpolarized nuclei			
19:00-19:30	Welcome by Prof.Dr. İlber Ortaylı, historian, president of the Topkapı Palace Museum				

	HALL A-1	HALL A-5	HALL A-6	HALL A-3
TECHNICAL EXHIBITION 8:30-17:45	Mini-Categorical Course Interventional MRI	Mini-Categorical Course Clinical body imaging at 3T		
	Scientific Session Brain spectroscopy	Scientific Session The quest for speed - doing more with less	Scientific Session Animal models of brain pathology	Scientific Session Methods and applications of diffusion imaging
	Scientific Session Brain tumours, clinical application	Scientific Session MRS in humans at 3T and beyond	Scientific Session Post-processing and Quantification: Imaging	Scientific Session Contrast enhanced perfusion imaging
	Scientific Session Clinical Cardiac MRI	Scientific Session Novel approaches in Imaging	Scientific Session Processing and Quantification in MR spectroscopy	Scientific Session Arterial Spin Labeling techniques for perfusion imaging

## FRIDAY, OCTOBER 2, 2009

room	HALL B-2	HALL B-1	HALL B-3		
7:30-8:00				Hall A-4 INFO-RESO 8:30-19:00	EPOS Meet the Author
8:00-9:00		Mini-Categorical Course Molecular in vivo and ex vivo	Mini-Categorical Course Cardiac MR		
9:10-10:40	Plenary Session Beyond parallel imaging				
11:10-12:40	Teaching Session II MR in a multimodal world	Joint EFOMP / ESMRMB Session Radiation therapy and surgical treat- ment planning based on MR data sets			
13:10-14:40	Industry Symposium Siemens Healthcare				
14:40-15:50	Young Investigator Award Finals	Clinical Focus Session Clinical joint imaging			
16:00-17:30	Teaching Session II How I do it: abdominal imaging	Scientific Session Preclinical MRI studies of normal brain and nerve			
18:00-19:00	Hot Topic Debate What is the point of quantitative MRI?	Poster Highlights Session Vascularisation related			
19:00-19:30					

	HALL A-1	HALL A-5	HALL A-6	HALL A-3 reserved for Turkish Language Sessions
TECHNICAL EXHIBITION 8:30-18:15	Mini-Categorical Course Interventional MRI	Mini-Categorical Course Clinical body imaging at 3T		07:30-09:00 DİZ EKLEMİ
				09:30-11:00 OMUZ EKLEMİ
	Clinical Focus Session Tractography and elastography in neuro imaging	Scientific Session Liver and pancreas imaging	Scientific Session MR studies of biopsies, tissues and model tissue phantoms	11:30-13:00 KALÇA EKLEMİ
	Clinical Focus Session Degenerative diseases	Poster Highlights Session New imaging methods	Scientific Session MR safety	14:30-16:00 EL VE AYAK BİLEĞİ EKLEMLERİ
	Clinical Focus Session Clinical neuro-imaging	Scientific Session B1 - related issues	Scientific Session Lung imaging	16:30-18:00 ROMATİZMAL HASTALIKLARDA MRG
			ASL Network Meeting	

## SATURDAY, OCTOBER 3, 2009

room	HALL B-2	HALL B-1	HALL B-3		
8:00-9:00		Mini-Categorical Course Molecular in vivo and ex vivo	Mini-Categorical Course Cardiac MR	Hall A-4 INFO-RESO 8:30-19:00	EPOS Meet the Author
9:10-10:40	Plenary Session Novel endogenous contrast phenomena in MR				
10:50-12:20	Teaching Session III How I do it: Musculoskeletal MRI	Scientific Session New contrast agents and mechanisms			
12:30-14:00	Industry Symposium Philips Healthcare				
14:10-15:40	Teaching Session III Perfusion and diffusion	Poster Highlights Session Cellular and molecular imaging			
16:00-17:30	Teaching Session III Topics in neuro MR	Scientific Session Pediatry			
17:40-19:00	Round Table Discussion Clinical Spectroscopy	Clinical Focus Session Clinical soft tissue imaging			
19:00-19:20	Closing Ceremony & Awards				

	HALL A-1	HALL A-5	HALL A-6	HALL A-3
TECHNICAL EXHIBITION 8:30-18:15	Mini-Categorical Course Interventional MRI	Mini-Categorical Course Clinical body imaging at 3T		
	Clinical Focus Session MRA from mice to man	Scientific Session Cancer models: characterisation and detection of response to therapy	Scientific Session Kidney and whole body imaging	Scientific Session fMRI in healthy individuals and in patients
			Annual Business Meeting	
	Clinical Focus Session Pelvic cancer	Scientific Session Interventional MR	Scientific Session Novel hardware	Scientific Session fMRI methods and analysis
	Scientific Session MR of the rodent heart: genes and spins	Scientific Session Radio-Frequency coils	Scientific Session Preclinical MRI/MRS studies of brain and nerve pathology	Scientific Session Motion and detection and correction
