

Short biography of António José de Bastos Leite

António José de Bastos Leite graduated in medicine at the University of Porto, Faculty of Medicine (Portugal). He is specialist in Neuroradiology since 2004. In 2007, he obtained his Ph.D. degree at the “Vrije Universiteit” (Amsterdam, the Netherlands) with the doctoral thesis “Pathological Ageing of the Brain: a neuroimaging perspective”. Since 2008, he is Assistant Professor of Radiology and Medical Imaging at the University of Porto, Faculty of Medicine (Portugal). He also worked as a Locum Consultant in Neuroradiology at The National Hospital for Neurology and Neurosurgery, and was appointed Honorary Senior Lecturer at the University College London, Institute of Neurology (Queen Square, London, United Kingdom). The focus of his research is neuroimaging in dementia and psychiatry. He is author of several scientific articles and book chapters on these topics, and co-author of the book “Neuroimaging in Dementia” (Springer, 2011).
